DEDICATION

We, the class of 1970, gratefully
dedicate our yearbook to our class
advisor, Miss Veronica Flangheddy.

"The Most manifest sign of wisdom is
a continual cheerfulness: her state is
like that of things in the regions above
the moon, always clear and serene."

IN MEMORIAM

Gary Peter Hanson
1952-1968

Hilda "Ginger" Martin
1952-1968

To everything there is a season,
And a time for every purpose
Under heaven:
A time to be born,
And a time to die . . .

Ecclesiastes III; 1, 2

To the Class of 1970:

Many interesting problems will confront each of you in the next decade. The solutions to some of them will involve many extremely important decisions concerned with the preservation of man and an honorable way of life. Your demonstrated abilities during the recent past to be creative and innovative leave little doubt concerning your ability, alertness, and preparedness to meet with poise and confidence whatever the future may present. My faith in you and your potential capabilities is steadfast.

Best wishes for happiness and success are extended to all members of the Class of 1970.

John Glenn
Superintendent of Schools

FACULTY

To the Class of 1970:

The years move on quickly and change is around us everywhere. We become part of that change through our involvement in the progress of events. You are part of that change. Continue to become involved in your school or work and in your community. Progress will be made by those of you who continue to self-evaluate and to evaluate your surroundings. Best of luck in your future endeavors.

BERNARD GOLLIS
Principal

To the Class of 1970:

You have achieved in a world characterized by achievements, and accomplished in an era of spectacular accomplishments. However, the challenge of your generation may well be to be wise among the intelligent and to demonstrate a sense of direction in a world desperate for both.

Best of luck to each of you.

Buccaneers Battle Through Season

Bedford's eleven tried again this year to make a showing in the league but ended the season in sixth place in the Dual County League. The overall record was two wins and seven losses.

There were only six lettermen on the team this year. The inexperience of the team was one of the main reasons for the poor showing this season. The team displayed new offensive strength but often at the expense of a poor defense. The overall attitude of the team was one of determination and unity. The players did a remarkable job considering their lack of ex-

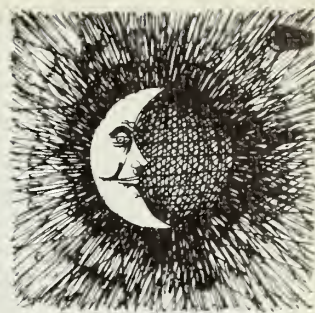

perience and were coached well by Coach Sabourin.

The season started off in Bedford's favor with an 18-6 win over Ashland. Quarterback Jim LeMay threw a 45-yard pass to End Joe LaDow who made a touchdown with only 45 seconds remaining. Defensive Back Bill O'Neil intercepted an Ashland pass in the end zone during the last quarter preserving the opening win. After four straight losses Bedford captured their second win when they defeated Lincoln-Sudbury 15-12. Jim LeMay set up the winning touchdown passing to Don Grassi with only 2½ minutes

remaining. The team also played a good game against Westwood but lost 40-26.

Joe LaDow, the big receiver, caught many important passes. Don Grassi and Jay Porter did some good running and the two guards, Doug Roome and Dave Barrett helped a great deal during offensive plays. Ken Mead intercepted two passes during the Lincoln-Sudbury game. In spite of the numerous injuries throughout the season, the Buccaneer's enthusiasm was always encouraging.

The varsity basketball team had its best season in years, finishing with a 12-7 record in a 3-way tie for a second place in the Dual County League (League record 9-5) and just missed qualifying for the Tech Tourney. There were many close games and three victories in overtime. Bed-

ford outscored its opponents by an average score of 62-61. The team defeated three teams that did make it to the Tech Tourney and also beat Westwood for the first time in the school's history. Howie Emerson led the team in scoring with an average of about 11 points a game. He also

led in assists. The leading rebounder was Joe LaDow, and Martin Mooney led the team in foul shooting. Other leading scorers for Coach Scibelli's Buccaneers were Joe LaDow, Joe Dooley, and Jim Lemay.

The Junior Varsity Basketball team had an outstanding season under Coach Adams, finishing with a 16-3 record, losing twice to Westwood and once to Wayland. The JV's averaged 49 points to their opponents' 36. The leading scorer was Danny McDonnell with 13.6 points a game. Other leading scorers were Paul Barnard, Keith Cooper and Kevin Kempton.

INDOOR TRACK

Starting off the season with a strong win against Lynnfield the Indoor Track Team lost momentum to finish the season with 1-6 record. The highlights of the season were the performances of the tri-captains, Bruce Seal, Bill O'Neil and Mike Hoots who accounted for much of the scoring. Promising performances were turned in by underclassmen Jim Giencke, Tom Jacobson, and Karl Gerdes. The team's coach is Mr. Powers.

ICE HOCKEY

The ice hockey team under Coaches Saintto and Petrillo finished third in the Dual County League with a record of five wins, six losses and three ties, including six shutouts. One of the highpoints of the season was a 0-0 tie

with Lynnfield (who finished in second place), but there was also a disappointing loss to Weston 2-1 after having beaten them 6-0. Bedford scored 24 goals and had 25 goals scored against them. Mike Lane won the

Charles Davin Memorial Award and was voted to the league All-Star team. Goalie Tony Baudanza, and Jeff Baxter received honorable mentions in the balloting for the All-Star Team.

B.H.S. Skiers Against The Elements

Hard luck befell the Bedford High School Ski Team when January and February failed to produce any snow on which to practice. Being a first year varsity sport, the team worked with many handicaps. In spite of these drawbacks, the skiers practiced every day at Little's Golf Course, which they used for both Cross-country and Slalom practice.

After spending two weeks transforming their old skis into new cross-country skis, which the team did not have funds to buy, the racers entered their first meet of the season. The meet was on January 7, at Wayland, in com-

petition with eight other well-established ski teams. Kimberly Peters finished on top for the B.H.S. team placing twentieth, while the other members did not fare so well.

The team's efforts to improve were rewarded in the January 14 slalom race held at Catrock, in Weston. Competing with 5 other teams, Nancy Coombs placed first and Jennifer Baker second for the Girls' team while Andy Twombly took sixth for the Boys' team. These results secured a second place for the ski team. After this race, conditions worsened as warm weather melted the snow and all hopes

for further races.

Just in case conditions improved, the ski team continued to practice, playing soccer to stay in shape. Prayers were answered when cold weather made it possible to ski on artificial snow at Prospect Hill at Waltham. The long time away from the slopes handicapped the skiers who placed only third out of the schools.

All things considered, the ski team has done very well for its first season and will continue to improve with enthusiasm from participants and the student body.

RIFLE TEAM

The 1970 BHS Rifle Team did well this year under Coach William Keup. The team is built around the six top shooters, Captain Ted Tremblay, Co-Captain Phil Fogg (both seniors), Dave and Bob Crook, Gary Fogg, and Bob Dishman. Other team members include Juniors Ed Keyes and Mark Letizi; Sophomores Joe Lima, Bob Beyrand, Bob Stitt and Wayne Thomas; and Freshman David Blacksmith. Coach Keup says there is a lot of potential in the team, but due to the

few number of practices, they don't shoot quite as well as they should. He goes on to say that the reason for this is that most schools have their own range, but that Bedford has to use the Hanscom Field Range which presents a problem in transportation and the boys can't shoot when they like.

Bedford's team fires against teams from Waltham, Marlboro, Wayland, Concord, Melrose, Malden, Watertown, Acton, and Newton. The top shooters on the team also shoot against M.I.T.

and Northeastern University.

Unlike most sports, riflery requires less physical strength than skill. One careless move and a person could be fatally shot. The highest team score was a record 908 to 841 against Acton, compared to last year's record of 870. In honor of this worthy occasion the team will donate a plaque to their coach, Mr. Keup.

Senior Phil Fogg was awarded the annual Boubo Award for the highest team average.

GIRLS' BASKETBALL

It was an experimental season for girls' basketball this year. Instead of using six players on a team, there were only five. The rules were very similar to those in boys' basketball. At first, the prospects looked good for the varsity girls with their impressive victory over Westford 27-21. These bright prospects faded however, with the loss of every successive game after that. They pulled out of the slump in the second to the last game, trouncing Lynnfield 41-25, only to lose

their last game to Wilmington in the last eight seconds. Outstanding scorers for the Bucs were Kathy Curtis and Joanne Smith. Other members of the team were Gretchen Schafer, Joyce Donovan, Judy Beecy, Lisa McManus, Barbie Kace, Linda Stubbs, Diane McGrath, Kathy Savinac, Pat McMahan, Cheryl Pfeiffer, Judy Church, Chris Kennedy, Pauline McKenna, Bert McKenna, and Linda Comley. Mrs. March coached the team.

JUNIOR VARSITY BASKETBALL

GIRLS' FIELD HOCKEY

The girls' hockey team made an outstanding showing this fall with 4 wins, 5 ties, and 1 loss. Part of this success could be attributed to the fact that many of the girls attended a hockey camp over the summer. On many occasions the team was thankful that goalie, Cheryl Pfeiffer, had attended this camp and learned the tricks of her trade. Other members of the team were Pauline McKenna, Alice Potter, Karen Robinson, Gretchen Schafer, Janet Smith, Mickee Boireau, Rosemary Genetti, Jackie McCallum, Linda Barker, Joanne Smith, Jean Tatosian, Joanne Curran, Chris Kennedy, and Lisa McManus. The team was coached by Miss Gfroerer. Congratulations!

The cheerleaders have had one of their busiest years. They cheered for football, basketball, hockey, one soccer game, and an unusual game of mat football. In addition, because they were first last year, they were host to the Eastern Invitational Cheerleading Competition. They did approximately twenty cheers, including introductory and placement cheers. There was not a single captain this year. The whole squad alternated with the seniors taking added responsibility.

"We have learnt that nothing is simple and rational except what we ourselves have invented; that God thinks in terms neither of Euclid nor Riemann; that the more we know the more fantastic the world becomes and profounder the surrounding darkness."

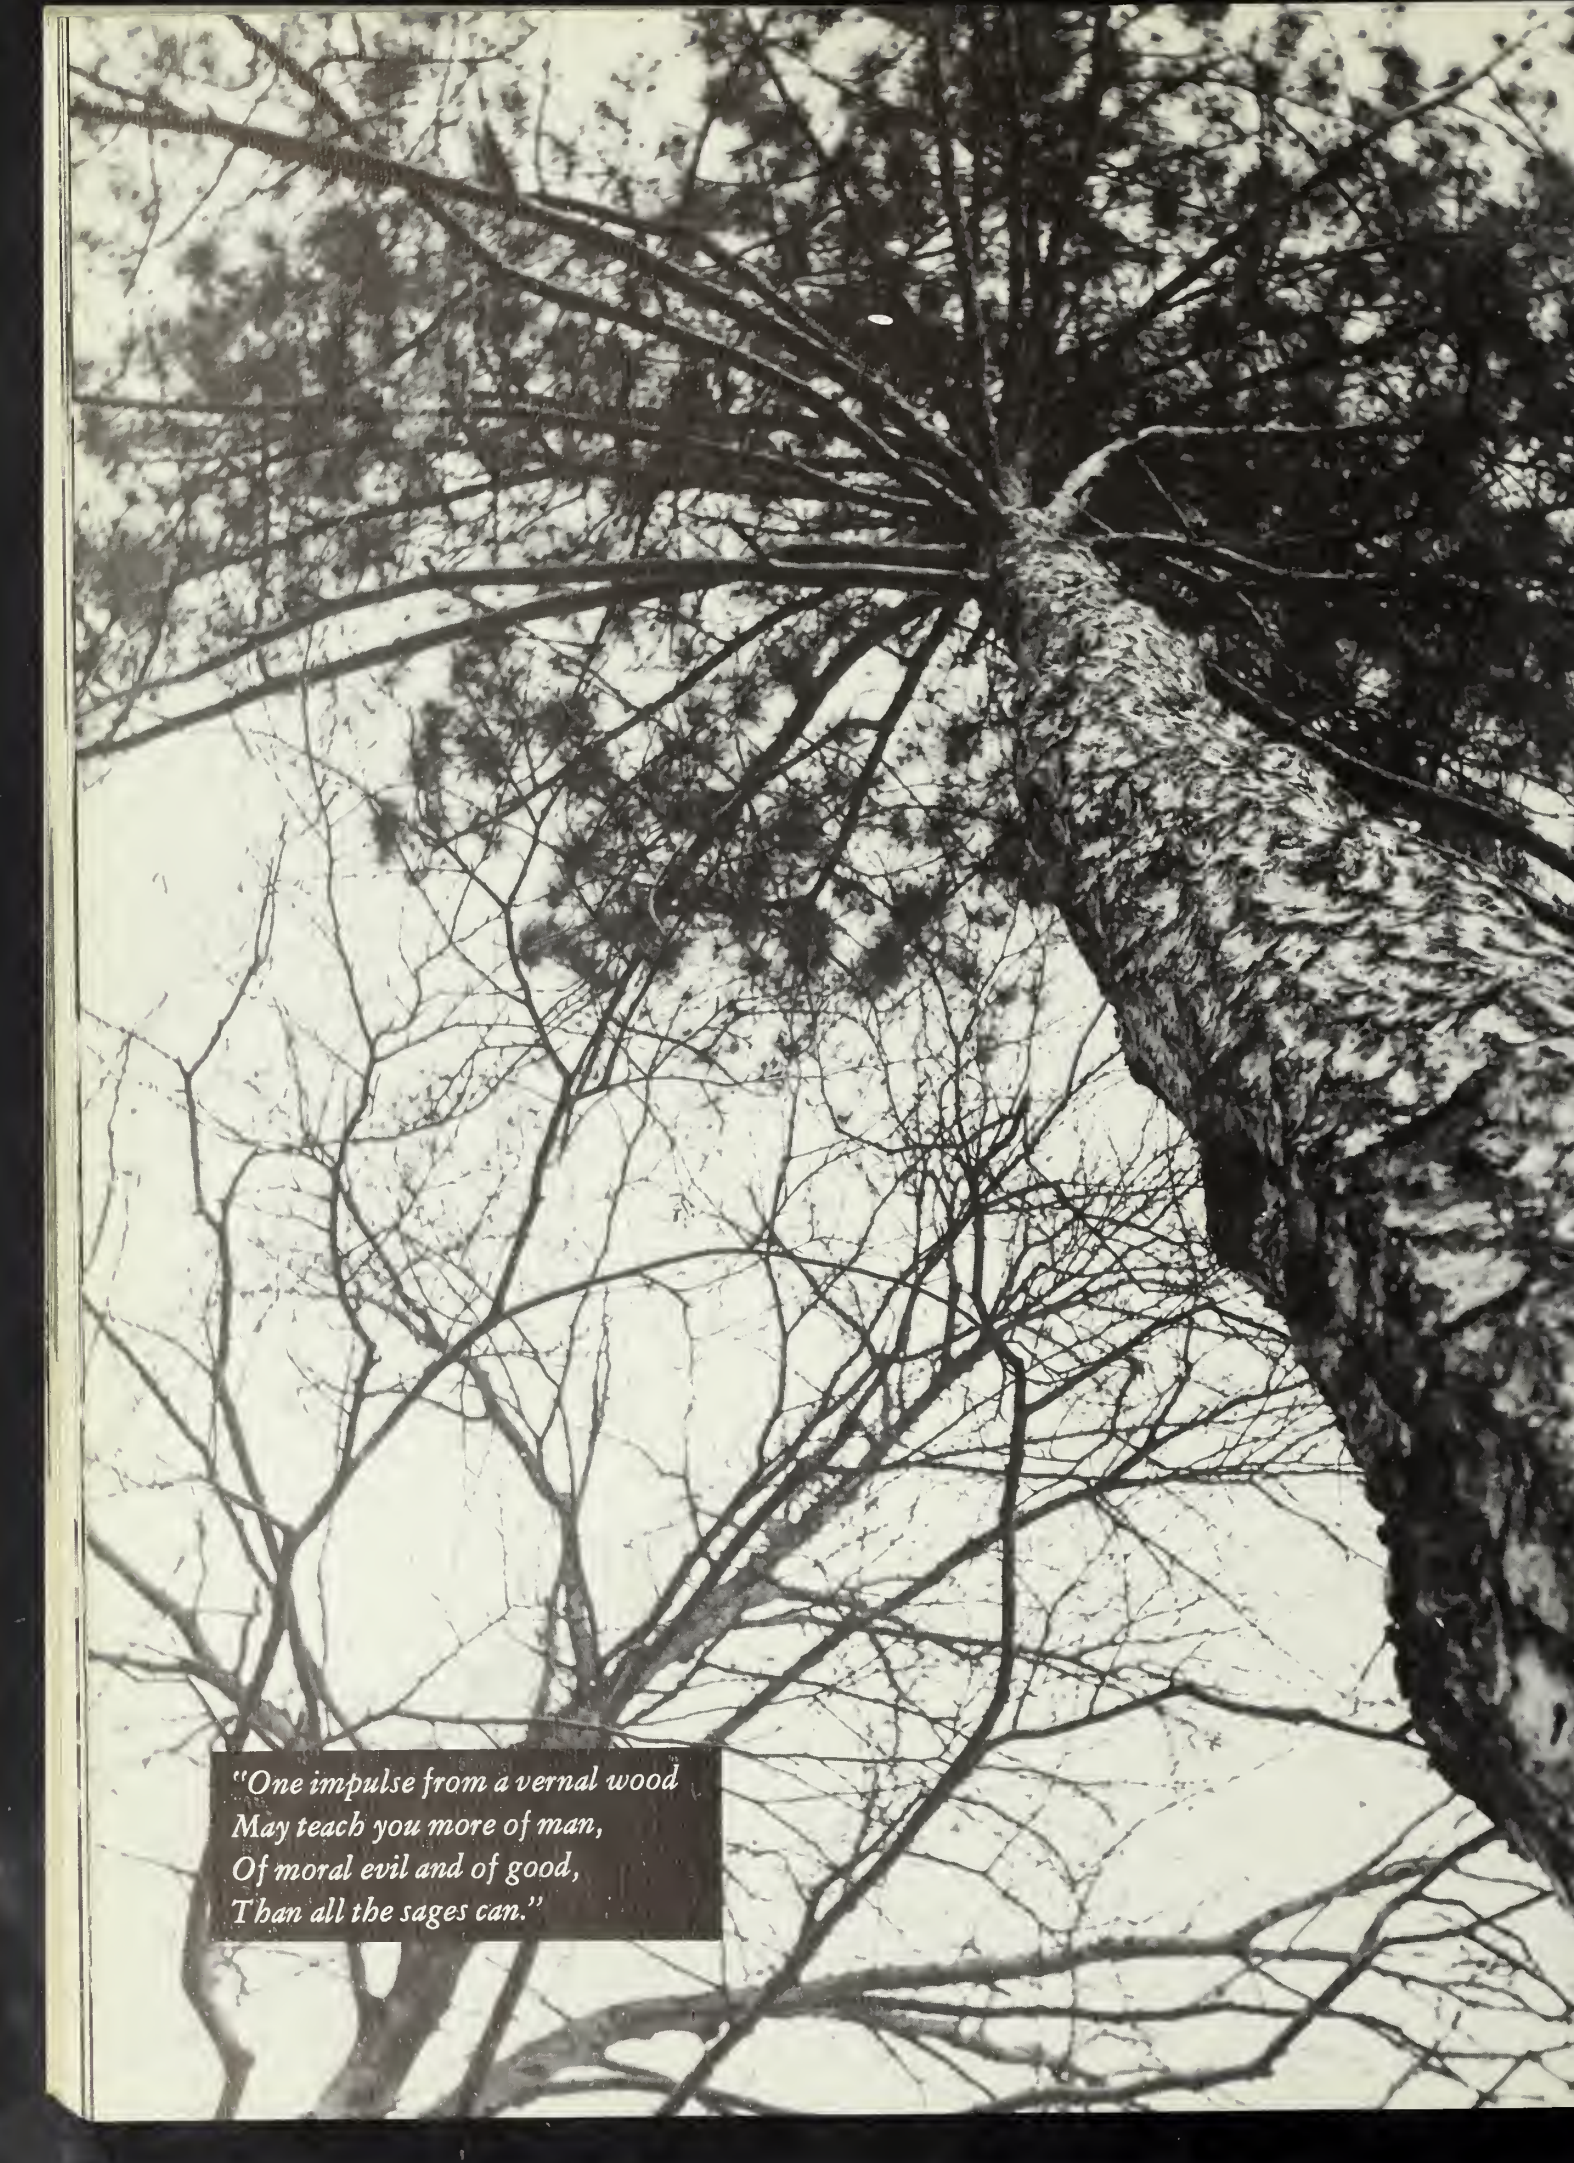

*"Science steps slowly through time,
traveling from questions to discoveries,
teaching us, above all, to doubt, to seek,
and to be aware of our ignorance."*

*"Think of all the men who never knew the answers
think of all of those who never even cared.
Still there are some who ask why,
who want to know, who dare to try."*

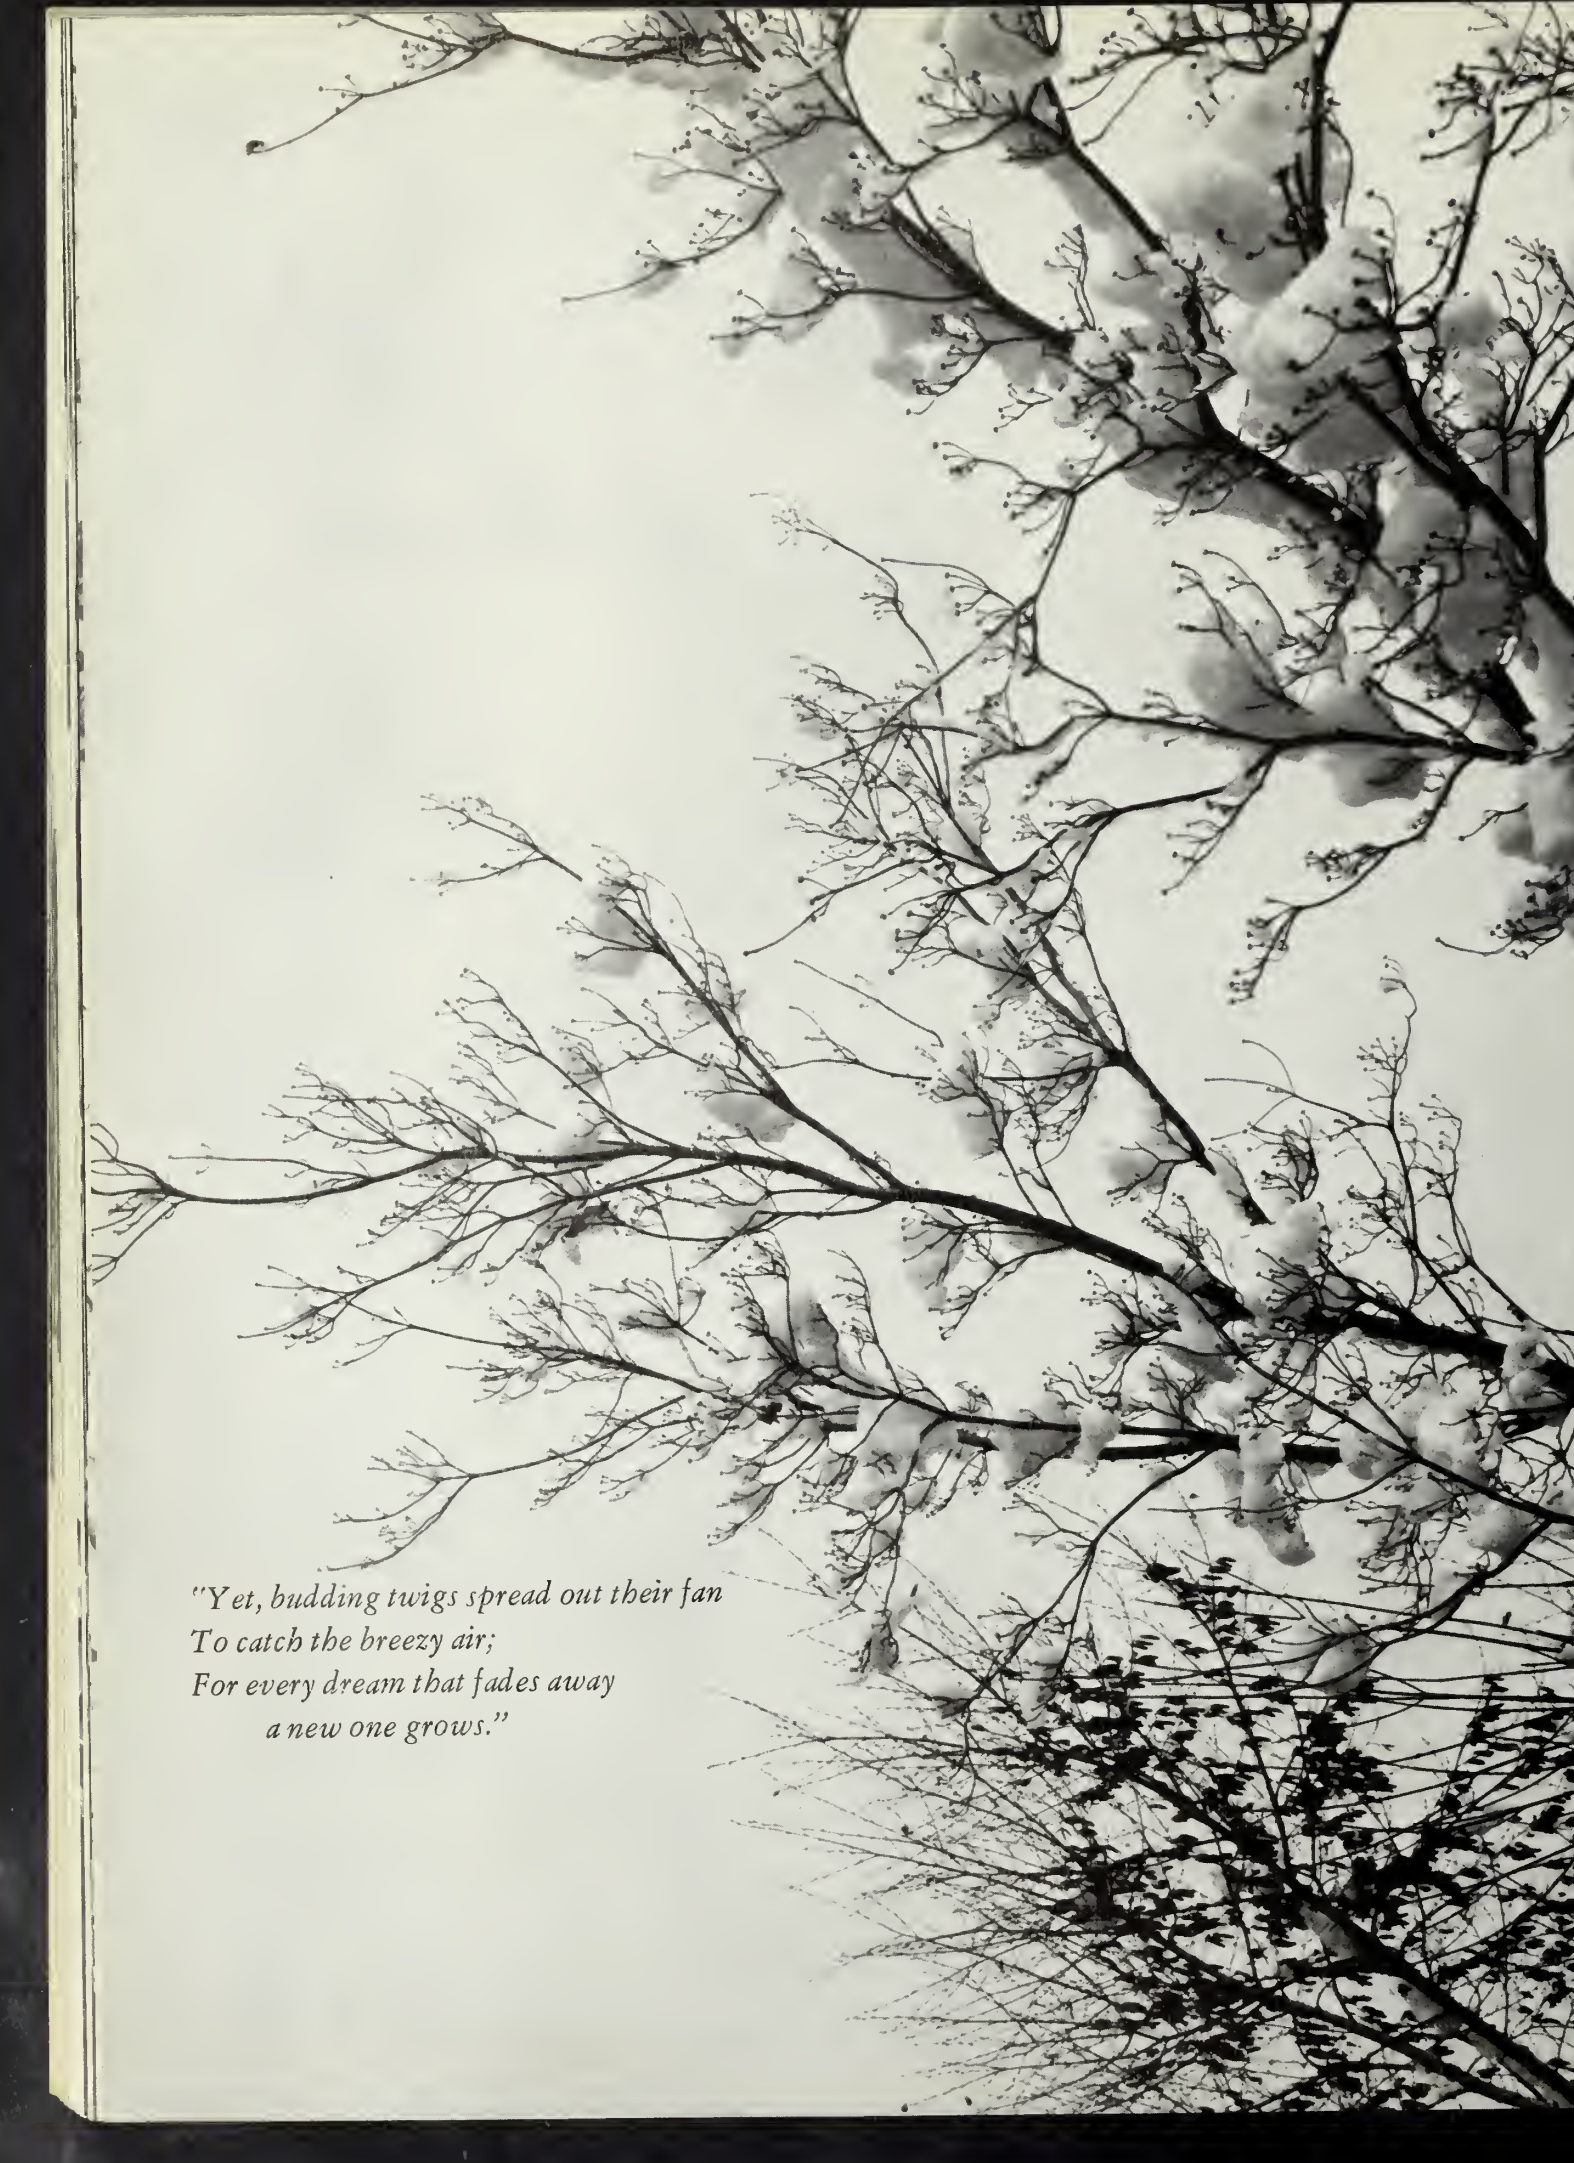

*"One impulse from a vernal wood
May teach you more of man,
Of moral evil and of good,
Than all the sages can."*

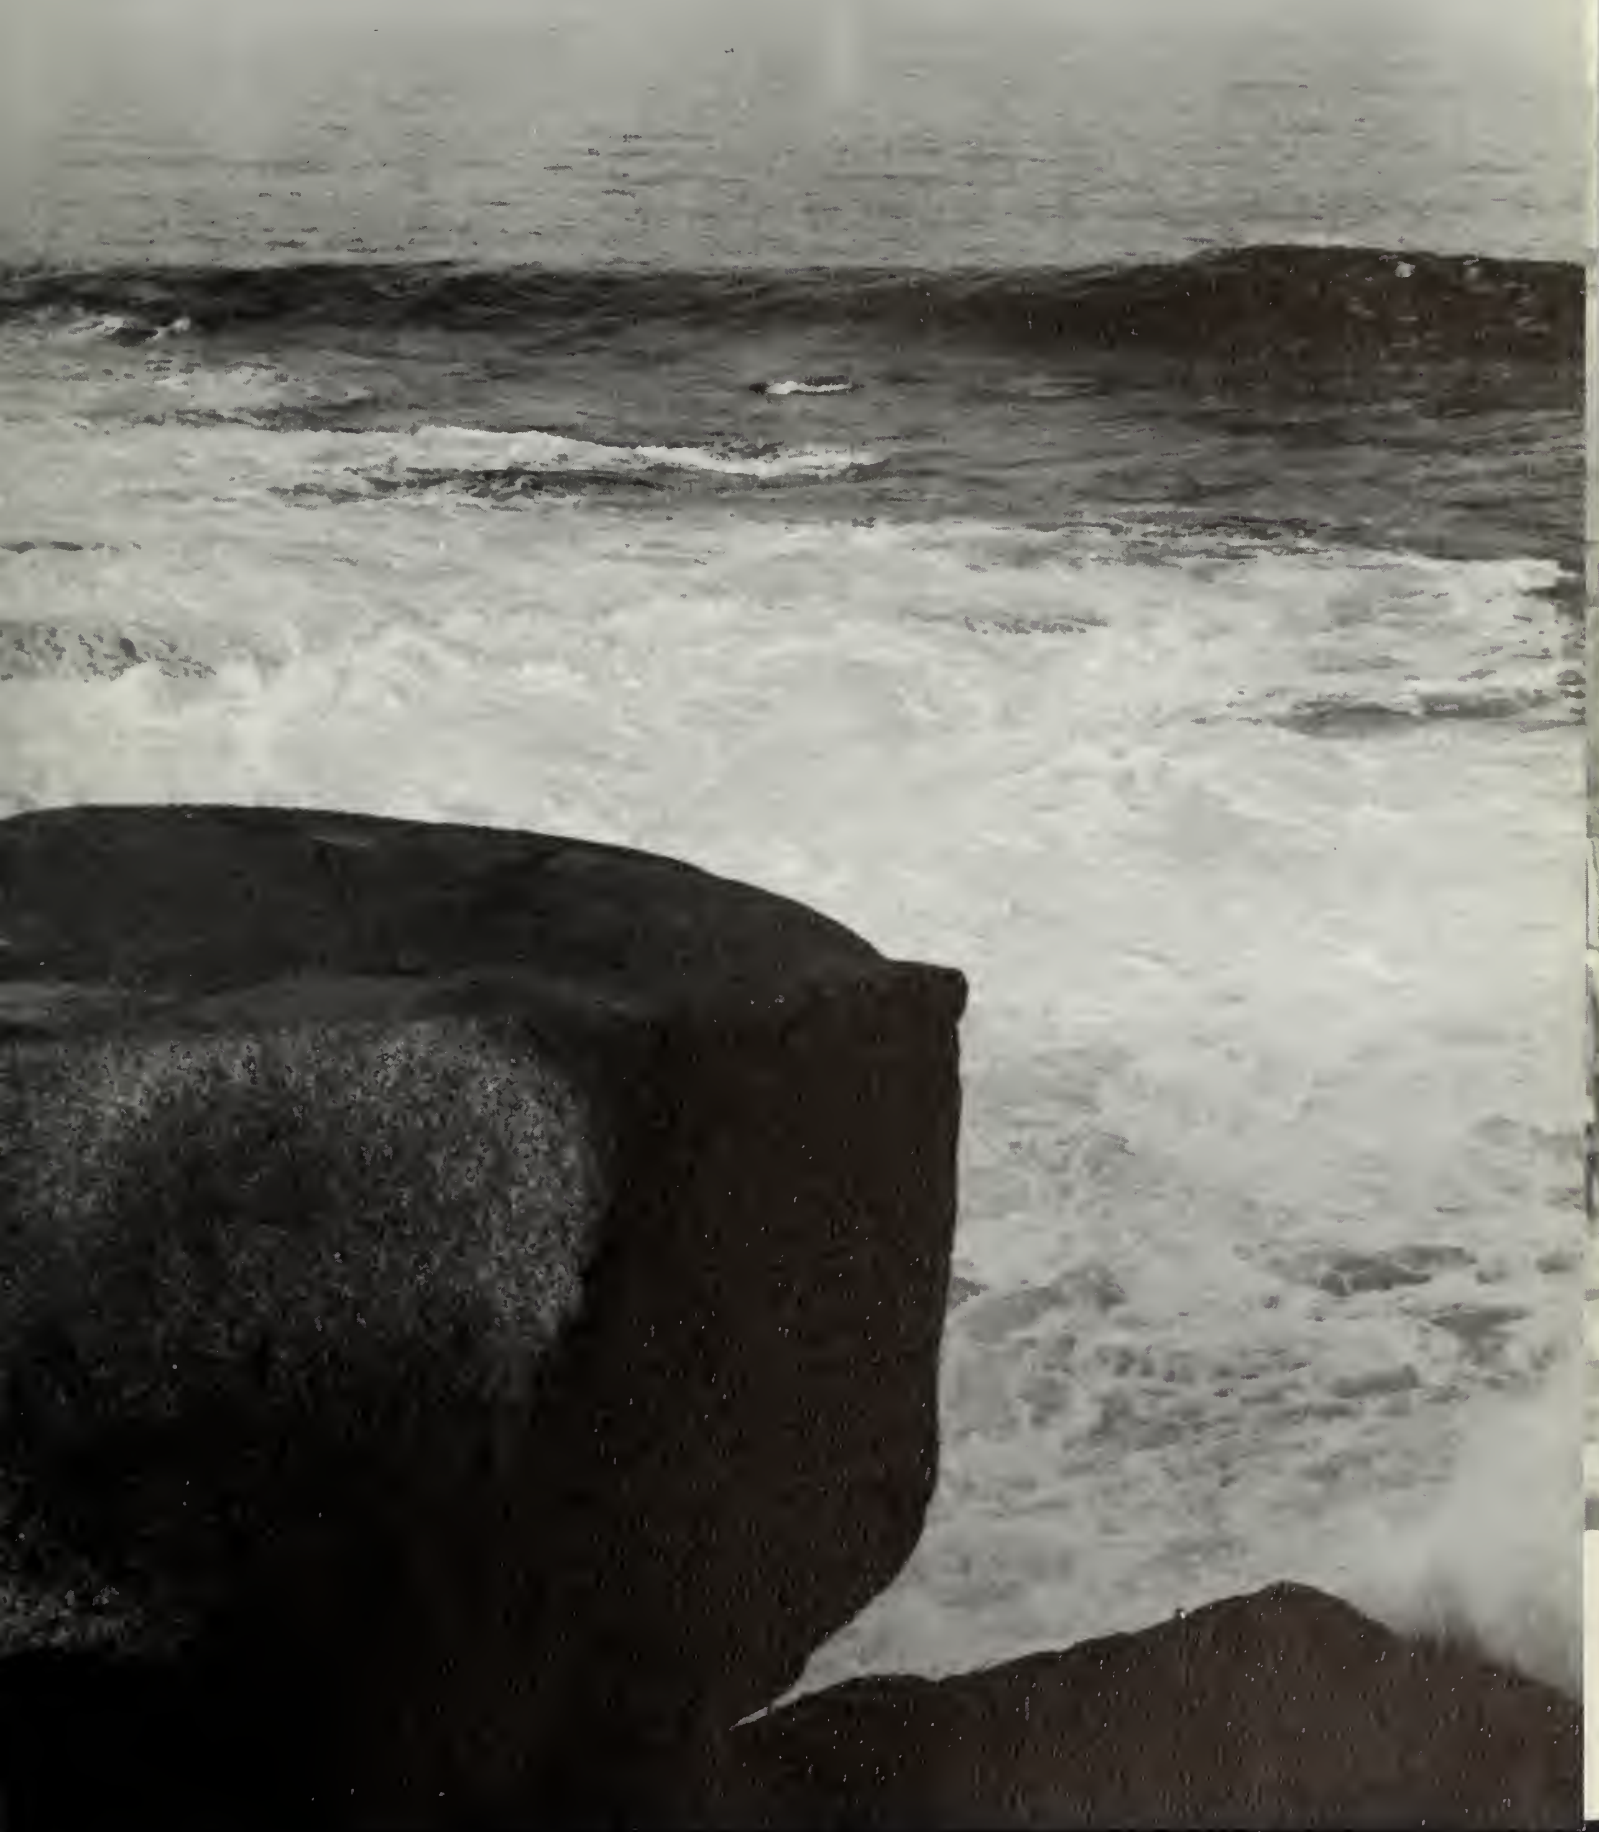

"Trees uprooted like shattered dreams..."

*"Yet, budding twigs spread out their fan
To catch the breezy air;
For every dream that fades away
a new one grows."*

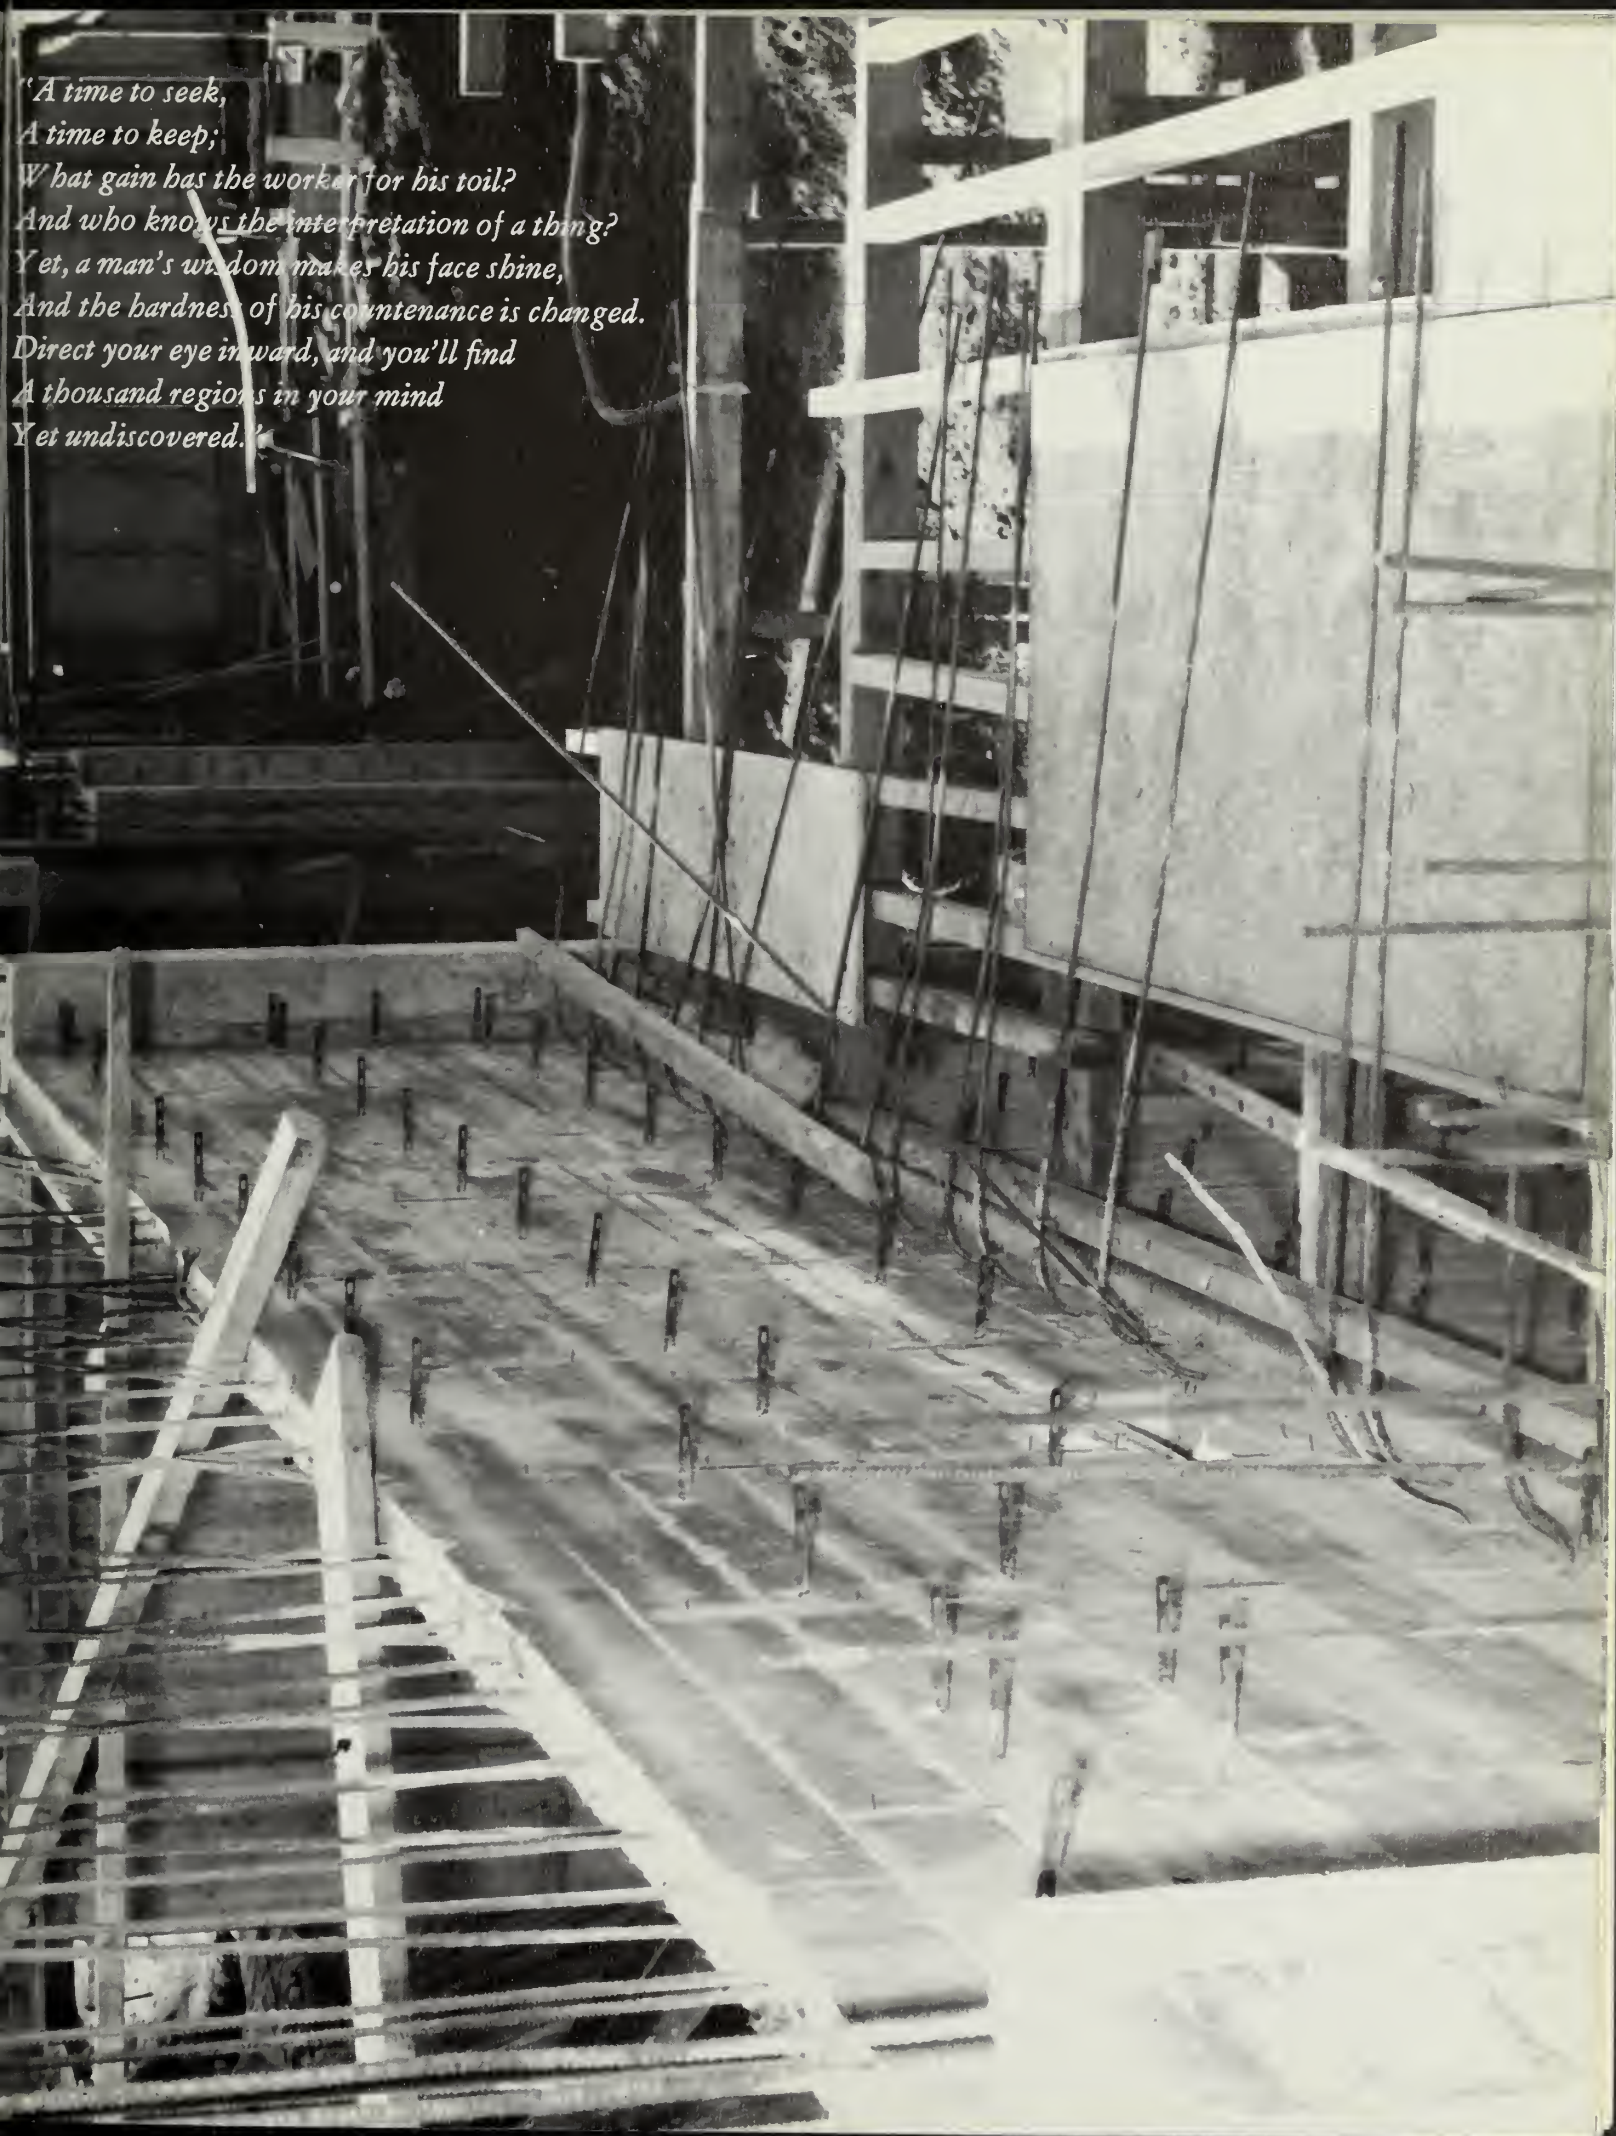

*"Hence in a season of calm weather
Though inland far we be,
Our Souls have sight of that immortal sea."*

A black and white photograph of a winter scene. A narrow stream flows through a landscape covered in deep, soft snow. Several bare, thin branches reach across the frame, some from the right side and others from the foreground. The background shows more snow-covered mounds and distant trees. The overall mood is quiet and serene.

*"A man becomes aware of his life's flow
And hears its winding murmur; and he sees
The meadows where it glides, the sun, the breeze."*

*'A time to seek,
A time to keep;
What gain has the worker for his toil?
And who knows the interpretation of a thing?
Yet, a man's wisdom makes his face shine,
And the hardness of his countenance is changed.
Direct your eye inward, and you'll find
A thousand regions in your mind
Yet undiscovered.'*

*"As it opens to dawn's splendor
A single rose will reveal
With a smile, wise and tender,
The fragile heart it once concealed.
It's your heart the rose is keeping
Unaware, you cannot see;
In sheltered warmth it lies sleeping
To be awakened by you only."*

*"You are a child of the universe,
No less than the trees and stars;
You have a right to be here.
And whether or not it is clear to you,
No doubt the universe is unfolding
as it should."*

From learning laboratories to lunar missions... Raytheon makes things happen.

A high school student dials a lesson and learns at his own pace... A housewife prepares a meal in minutes in her microwave oven... A submarine listens for intruders in the deep... A seismograph crew explores for oil beneath an African desert.

A radar scans the skies and a supersonic missile stands ready if needed... A new petrochemical plant takes form against a Louisiana sky... A phone conversation

is carried by microwaves across the Andes to a remote area of Ecuador... A tiny computer guides an Apollo spacecraft from orbit to on-target splashdown.

These are but a few of the results of Raytheon technology at work around the world.

Today, Raytheon is an international science-based company

employing over 50,000 people. Common threads of technology run through and weave together the company's diverse and growing businesses in both government and commercial markets.

At Raytheon, our future is both exciting and challenging. We hope that your future holds a full measure of excitement and challenge too. Perhaps you will find it with us.

RAYTHEON

Congratulations to the class of 1970, from Raytheon's Bedford Laboratories. Whatever your immediate plans — college, armed forces, or a job — you may want to consider a long-term future here with us, where you can continue your education, in our part-time accredited college program, in conjunction with your career development.
